CULPRIT MAKES HIS ESCAPE

Many Merchants Victims in Last
Few Weeks of Local Boys
Passing Worthless Checks

A check forger who has been working successfully in Rushville for several weeks, was almost apprehended yesterday afternoon, when he presented a \$12.00 check at the grocery store of B. A. Black, at West Second street. The local merchants had been previously warned and when the check was presented, the police were notified, but the forger made his escape before they arrived.

In recent weeks many local merchants have been made victims of bogus checks, signed by well known people of this city. A secret investigation has been going on and two or three times a week, a case of forgery would be reported to the local authorities.

The first case was noted about six weeks ago, when Hargrove and Mullin cashed a worthless \$10.00 check, a young man buying a small amount of goods and presenting a check signed by a well known Rushville man.

Yesterday this same young man, good description of whom has been given the police, purchased a small bill of meats at the Kramer meat market, giving in payment a \$12.00 check, and telling the clerk that he had other places to go, and could return for the meat, which of course he didn't do.

In all probability he passed similar checks on other merchants yesterday, but their names were not reported to the police.

At previous times he had purchased a ring at the Kennard jewelry store, a bill of groceries at L. E. Allen's grocery, some drugs at E. Wocott's and some jewelry at Abercrombie's, and in each case presented a bogus \$12.00 check.

Yesterday the young man, who is about 18 or 19 years old, wore a soldiers coat and a black hat when at the Kramer Meat Market, and had changed his wearing apparel when he presented the check at the Black grocery.

Another case of forgery is showing up now, in which several Rushville firms cashed checks several days ago, and the persons who passed the checks are known, and arrests will be made soon.

In this instance the elevator firm continued on Page Six

HARDING PETITIONS APPEAR IN THE COUNTY

Third Aspirant For Presidential
Nomination Sees Signatures
of County Voters

WOOD AND MARSHALL OTHERS

Petitions for signatures to place the name of another presidential candidate on the Indiana primary ballot have been received here, making the third which has been circulated among Rush county voters.

The latest entrant bidding for the support of Rush county republicans is Senator Warren C. Harding of Ohio, who is now conceded to be a strong factor in the race for the nomination. Major General Leonard Wood was the first one on the ground and a few days ago democratic friends of Vice-President Thomas R. Marshall began circulating petitions to get his name on the Indiana primary ballot.

It is believed that the Harding petitions will be well received here, although the Wood men claim that the sentiment locally is strongly in favor of their candidate. However, Senator Harding has many friends and admirers here because he is well known to many local republicans and has spoken here during one or two campaigns.

TO RECRUIT MEN FOR ARMY

Sergt. Walton and Corp. Collins came here from Newcastle where a branch recruiting station is located.

DISCOVERER OF NORTH POLE DIES

Robert E. Peary, Arctic Explorer,
Expires at Home in Washington
of Pernicious Anemia

BLOOD TRANSFUSION FAILS

Afternoon of Sept. 6, 1909 That
Rear Admiral Peary Starlted
World With Announcement

Washington, Feb. 20.—Rear-Admiral Robert Edwin Peary, retired Arctic explorer and discoverer of the north pole, died at his home here today of pernicious anemia, from which he had suffered for several years. He will be buried with full naval honors.

Admiral Peary submitted to a blood transfusion at a hospital here ten days ago. He later was removed to his home and his condition then was reported as somewhat improved. He gradually grew weaker, however, and the end came early today. Dr. H. F. Strine, the admiral's physician, disclosed that the transfusion this month was the thirty-fifth to which Admiral Peary had submitted within two years. Peary's wife, son, son-in-law and daughter and a niece were at his home when he died.

It was on the afternoon of September 6, 1909, that the following few words reported to the civilized world for the first time a crowning achievement of three centuries of effort:

"Indian Harbor (via Cape Ray, Newfoundland), September 6.—"Stars and Stripes nailed to north pole."

Peary's actual attainment of the pole had been five months before, April 6, 1909.

When the dispatch came the world was, quite unknown to Peary, already praising Dr. Frederick A. Cook, as the discoverer. Only four days previously to the Peary announcement, Cook, who was on his way back to Copenhagen on board a Danish steamer, had telegraphed that he reached the pole April 21, 1908—nearly a year ahead of Peary.

INCOME TAX MAN REACHES THE CITY

Frank M. Edwards, Deputy Collec-
tor, Begins Receiving Visitors on
His Arrival Today

WAS EXPECTED YESTERDAY.

Many Petitions Confused on Char-
acter of Contributions for Which
They are Allowed Credit

Frank M. Edwards of Connersville, deputy revenue collector, arrived in this city this morning from Liberty, and will remain until March 1 to assist Rush county people in making out their income-tax returns. He had callers all day and prospects are that he will be busy all of the time he is in Rushville.

Mr. Edwards is making his headquarters in the recorder's office where he may be seen at any time the court house is open.

He sent word to the Daily Republican that he would be in Rushville yesterday and several persons called then to ask his advice, but the deputy collector said this morning that he had made a mistake in the date when he sent word of his coming to Rushville, as he had not planned to come here until today.

One thing on which taxpayers are not clear, according to the collector, is the character of the contributions which they are allowed to take credit for in figuring their 1919 income. The law specially allows deductions for the following kinds of contributions:

Organizations conducting charitable, scientific, educational, and religious work; to societies for the prevention of cruelty to children or animals; also to the special fund authorized by the vocational rehabilitation act.

Before claiming any deduction under this provision of the law a taxpayer should carefully consider what is allowable. There should be no guesswork or estimates or setting down a lump sum, but the taxpayer should show only the contributions as he made them and as he can substantiate them. Care should be taken that amounts given to individuals are not included and that the deduction is confined strictly to donations during the year to organizations operated without benefit to the persons behind the movement. For instance, a gift made to a hospital which may bring profit to the persons interested in the institution would not be a deductible item.

All donations to churches are deductible, including those for missionary funds, church building funds, pew rents, and church assessments and church dues.

The taxpayer should be careful to omit any claim for contributions to funds gathered for propaganda and political purposes. The allowable deductions are definitely limited by law to organizations operated exclusively for charitable, scientific, educational, or religious purposes, for vocational rehabilitation, and for the prevention of cruelty to children and animals.

After listing his contributions of an allowable nature, the taxpayer should see that he does not claim an amount over the limit established by law, which is 15 percent of the year's net income, computed without the benefit of this deduction.

Contributions may be made in cash or other property; if other than cash, the value of the property must be accurately determined. Subscriptions or promises to contribute should not be considered, the allowance providing only for contributions actually made.

Members of a partnership may deduct their proportionate share of the partnership's contributions to such organizations. But a partner is limited to 15 percent of his net income on his total contribution deduction.

PROVES THE MAIN OBSTACLE

Guarantee Section of Railroad Bill
May Prevent Its Passage

(By United Press.)

Washington, Feb. 20.—A concerted act on the guarantee section of the railroad bill appeared today as the main obstacle that proponents of the measure must overcome if it is to be passed by congress before the return of the lines to their owners on March 1, by presidential proclamation.

Organized labor backed up the stand of the majority of house democrats, stating that the guarantee section will give higher returns and undue advantages to railroad owners. Railroad union leaders were today in session framing their communication to President Wilson.

ADRIATIC NOTE BELIEVED FINAL

One Official Expresses Opinion That
No Further Correspondence
Will be Necessary

NEW PROPOSITION LIKELY

Probable Another Agreement Will be
Made By Three Powers and
Submitted to Italy

(By United Press.)

Washington, Feb. 20.—President Wilson's latest note on the Adriatic settlement is regarded at the White House as his last word on the subject, it was stated today. One official said "We thought no further correspondence would be necessary."

Before the presidential note is put on the cables one copy will be submitted to him by the state department for final approval.

Officials who are anxious for publication of the entire correspondence hoped to arrange for giving out the note today.

Formation by the United States, Great Britain, and France of a new proposition to Italy and the Jugo Slavs for settlement of the Adriatic controversy, is likely to result from President Wilson's re-entrance into the negotiation, it was believed here today.

Faced with Wilson's reported intention that he might consider withdrawal of the treaty of Versailles and the treaty of alliance between Great Britain and the United States for defense of France, it is believed that Britain and France have exerted themselves to cause Italy to make concessions to Jugo Slavia in line with the presidential standing.

AMERICAN LEGION IMPORTANT LINK

Will Bear Memorial to Relatives of
Men Who Died, in Every County
in State Sunday

MORE THAN 3,000 TO BE GIVEN.

National and State Officers Express
Pleasure Over Fact France Re-
cognized Organization

Indianapolis, Ind., Feb. 20.—For the first time in the history of the nation the hand of sympathy of a foreign government will reach down into the American home next Sunday in grateful acknowledgment of the sacrifices made by Americans during the world war. The hand will be that of the French Government and it will bear a memorial to the nearest relatives of the man who died in service, symbolizing the devout veneration La France feels for America's timely aid.

The American Legion will play an important part in the presentation of the certificates and in fact is the connecting agency through which the French republic will pay tribute to the Yankees who paid the supreme sacrifice. Both the national and state Legion officials have expressed pleasure over the fact that France recognized the great veterans' organization as the ideal instrument through which to acknowledge its indebtedness to American valor, and from the smallest post in the land to the great national headquarters a most kindly spirit of co-operation is evident.

More than 3,000 memorials will be presented in Indiana in simultaneous programs held in every county next Sunday. In many places the various county posts have combined for a single exercises, while in other places separate observances will be held. Speakers of note are scheduled to deliver the presentation orations and in some places veterans revivifying the spirit of France and the United States will be given.

The certificates were sent by the War Department to the central recruiting office in Indianapolis and from there they were distributed to the sub-recruiting stations, over the state. From the sub-stations they will be turned over to the Legion posts in that and it is the intention of the Legion officials to have each post distribute the certificates to the relatives of deceased soldiers who came from that locality.

The distribution of the memorials and the preparation of fitting programs brought an enormous task to the Legion, but reports from the various posts show that they have entered into the spirit of the undertaking with characteristic zeal and that there will not be a county in the state without a presentation continued on Page Two

Hanging is Upheld

O'BRIEN SMILES TO THE LAST

(U. P. Staff Correspondent.)

Chicago, Ill., Feb. 20.—"Smiling Jack" O'Brien retained his smile to the last today, when he was hung for the murder of Policeman Richard Burke.

"Give my regards to 'Stot,'" O'Brien said as the noose was adjusted.

"Stot" Kelly was arrested with O'Brien and is in jail awaiting trial on charge of being connected with the murder.

The hanging was held up for an hour today awaiting the arrival of the Cook county grand jury, who wished to see that the hanging was carried out according to law.

Sheriff Peters plan to have other prisoners in the jail witness the hanging was declared to be illegal by State Attorney Hoyne today.

O'Brien retained his calmness during the death march and kept smiling to the last minute.

Platform of New York Unofficial Republican Convention Also Favors Other Measures

ATTACKS TRADE COMMISSION

(By United Press.)

New York, Feb. 20.—Immediate ratification of the peace treaty with distinct reservations to protect American interests, was recommended in the state republican platform adopted today by delegates to the New York unofficial republican convention.

The platform was drafted by a committee headed by Nicholas M. Butler. It was regarded in many quarters as possibly forecasting the attitude of New York republicans toward the national republican platform that will be adopted at the Chicago convention.

The document also contains planks urging elimination of hoarding, ratification of the woman suffrage amendment, repeal of business control law to reduce the cost of living, a national budget system, a protective tariff, establishment of an industrial commission to handle the labor dispute, enlarged and privately owned merchant marine, universal military training and strict immigration laws.

The planks opposed government ownership of railways and the Plumb plan, charge that the federal trade commission which has prostituted its proper functions and attacked the democratic national administration on conduct of the war and the peace treaty.

NOTICE TO ROAD CONTRACTORS

State of Indiana, Rush County, ss: Notice is hereby given that the Board of Commissioners of said county, at their office in the Court House at Rushville, Indiana, on

Saturday, March 20, 1920, will receive sealed proposals for the improvement of a certain highway by grading, draining and paving the same with concrete.

Said highway extends from the City of Rushville to the west county line of said county and is known as the Sabert Offutt et al highway and is to be improved under what is known as the County Unit Law according to plan specifications and profile now on file in the office of the Auditor of said County.

The bids will be opened and contract awarded for said improvement on the 20th day of March, 1920, at 2 o'clock p. m. on said date.

Each bid must be accompanied by a personal or surety bond in a sum equal to double the amount of the bid filed to be approved by the Board of Commissioners. The sureties, if personal, shall be resident freeholders of the State of Indiana, one of whom shall be a resident of Rush County. Said improvement will be let in two bids or as a whole as shown by the specification.

The Board reserves the right to reject any and all bids. Time for the completion of said work will be agreed upon after the letting of said contract by said Board and the successful bidder. Given by order of said Board of Commissioners of said county.

WM. H. McMILLIN, Auditor of Rush County.

Big Saving On Hogs

Swift's Tankage Best Bone Builder.

Hogs must have a ration that will do two things:

1. Put on fat.
2. Build bone and muscle.

Corn is by far the cheapest feed to fatten your hogs.

But to build bone, corn is the most expensive of the common feeds.

Consider these facts, based on present market prices.

Feed	Per Cent Protein	Cost of Protein per pound
Corn	8%	28c
Midlings	15%	21c
Oil Meal	33%	13c
Swift's Tankage	60%	10c

Protein is the bone builder. Corn costs 2 4/5 times as much to build bone as Swift's Tankage. Don't cut down on tankage because the price looks high. It is the cheapest ration balancer on the market, because of its very high percentage of protein. Every experiment station in the country recommends it. Progressive farmers feed it. Feed a ton now and save on your hogs.

Is Right:-

"Corn is too valuable to be fed to live stock," except in "a reasonable quantity."

Chuck a good hog chuck like Fat Back into your broad sows, start pigs on F. B., keeping them on it until they weigh about 120 pounds. You can then add corn to the amount they clean up. F. B. takes the place of too high priced tankage and oil meal at about \$50.00 per ton less. You know Fat Back has everything in it that a swiner requires—tankage and oil meal are two of the ingredients.

REPORTS FAVORABLY ON THE JONES BILL

Senate Committee Would Prevent Sale of Former German Ships Without Consent of Congress

TO BE CALLED UP IN FEW DAYS

(By United Press.)
Washington, Feb. 20.—The senate commerce committee today ordered a favorable report on the Jones bill to prevent the sale of former German ships by the shipping board until congress has authorized it.
The committee's vote was 9 to 3. Jones said he expected to call the measure up in the senate in a few days.
The bill provides that the shipping board should not dispose of the vessels until congress establishes a definite merchant marine policy. Meantime, the board shall recondition these crafts, using available funds, and continue their operations.
"The president gave direct approval to the shipping board's policy of selling 29 ex-German liners," Chairman Payne told the house merchant marine and fisheries committee today.

GEORGE'S SISTER HONORED

Salutes Fired For Princess, Sister of British Ruler

(By United Press.)
London, Feb. 20.—Salutes were fired in London and naval and military towns today in honor of 53d birthday the Princess Royal, (Princess Louise) eldest daughter of the late King Edward, and sister of King George.
The princess has never taken a prominent part in public life but she followed the example of her aunt, Princess Louise of Argyll, in making a popular match by marrying outside the ranks of royalty, and has spent a happy married life in Scotland. She married in 1889 the late Duke of Fife.

To Sweden belongs the distinction of having the only deaf and dumb corps of the Salvation Army.

DON'T SUFFER WITH NEURALGIA

Use Soothing Musterole
When those sharp pains go shooting through your head, when your skull seems as if it would split, just rub a little Musterole on your temples and neck. It draws out the inflammation, soothes away the pain, usually giving quick relief. Musterole is a clean, white ointment, made with oil of mustard. Better than a mustard plaster and does not blister. Many doctors and nurses frankly recommend Musterole for sore throat, bronchitis, croup, stiff neck, asthma, neuralgia, congestion, pleurisy, rheumatism, lumbago, pains and aches of the back or joints, sprains, sore muscles, bruises, chilblains, frost-bitten feet—colds of the chest (it often prevents pneumonia). It is always dependable. 30c and 60c jars; hospital size \$2.50.

GLASS HAD TROUBLE TO FIND ANY OFFICE ROOM.

Washington, D. C., February 20.
The Senate office building was constructed to house 96 senators, but for all that when Carter Glass was sworn in the other day as a senator from Virginia, there was no office for him. Carter's Virginia temper expressed itself at once. "I suppose they'd have me out on the curbstone if it were not that it's cold weather," he said.

He found that Senator Reed and nine other democratic senators have from three to four offices apiece, while few of them have fewer than two rooms.

Senator Hitchcock finally came to the rescue by giving Glass temporary quarters in the minority leader's suite in the capitol.

Gompers as an Issue

Samuel Gompers, president of the American Federation of Labor, is making himself, if he has not already done so, an issue in politics. When the railroad brotherhoods went before congress with the threat that a general railroad strike would be called unless a wage-increase law was passed within a certain time. Gompers stood squarely behind that program. When the steel strike was called for Feb. 17 he assured the strikers that they would have his support to the bitter end. He is organizing a political campaign for the purpose of electing his friends and defeating his enemies in the congressional and senatorial elections of 1920. Now he has announced that he will fight the Cummins-Esch bill providing regulations for the return of the railroads March 1.

All this Mr. Gompers has a right to do, as an American citizen, but he can't do it without making Gompersian dictation an issue in the campaign. Reduced to a simple statement of obvious facts, the situation is this:

Mr. Gompers professes to speak for organized labor.

Professing to speak for organized labor, Mr. Gompers supported the steel strike and the coal strike.

Professing to speak for organized labor, Mr. Gompers undertakes to specify which candidates are satisfactory and which are not.

Whether Mr. Gompers does or does not speak for organized labor is a matter of dispute but the evidence seems to be against him, for a large proportion of the workers in the steel mills refused to quit and the strike failed, and an overwhelming majority of members of labor unions throughout the country, people who had to buy coal, condemned the coal strike. The preponderance of evidence seems to be that Mr. Gompers speaks only for radical elements in labor organizations and does not command the votes of the thoughtful, substantial, independent thinking adherents of labor unions throughout the country.

The issue that is presented is not, therefore, labor unionism, but dictation by radical labor leaders. There is practically no dissent from the proposition that there is a legitimate field for the labor union. The majority of labor union members are not only law-abiding as citizens, but they are fair in their dealings with

Sap and Salt

By BERT MOSES

Wisdom begins when you stop fooling yourself.

The only way to get rid of an idea is to substitute a better one.

If you make a business of having a good time you will never find it.

You have to be able to think before you are able to change your mind.

Hez Heck says: "The law against indecent exposure seems to apply only to men."

Some men's idea of greatness is to be met at the depot by a brass band and a delegation wearing plug hats.

their employers, honest in the service they render, and useful members of their several communities. They raise families, support them creditably, pay their debts, contribute to the support of schools and churches, and are elected to positions of trust and responsibility in their home towns.

For such men as those, the radical labor leaders do not speak. Such men do not approve the methods adopted in securing passage of the Adamson law. They do not approve the coal strike. Mr. Gompers does not speak for them on these subjects, and neither can he speak for them when he proposes to control the elections that are to take place during the coming summer and fall. Election returns will show that his stamp of approval will be a liability rather than an asset in a large majority of cases.

Neither the country as a whole nor labor unionism at large in the country will accept Gompersian dictation as a substitute for popular government in which the general welfare rather than class interest is the end to be promoted. The substantial members of labor unions ask nothing for themselves that is inconsistent with general welfare. The radical labor leaders are seeking power through appeal to class interest—and they will fail. They deserve a just rebuke.

Mr. Hoover, at least, is entitled to one form of distinction. He admits that he is not a candidate for president.

The war department announces that one out of every 666 American officers and soldiers in the great war won some kind of a decoration. Quite interesting, indeed, if we only knew how many of those decorations were awarded for service on the battle front, and how many were given to favorites who held soft berths in the rear, or even in Washington.

What, we wonder portends this ominous quiet south of the Rio Grande? We Carranza hasn't erupted for at least 24 hours, and that is some record for lie of the whiskeys.

America is large, and we have much room to spare, but not one inch for the cuss who seeks to overthrow the government of the United States. We may, or we may not, be of the party in power but we are Americans all, and we want nothing but Americanism 100 per cent pure. That's our creed.

Judging from the Indianapolis News, it will be useless to hold a republican national convention as everyone is for Wood.

Our Daily Laugh

New and Bright Yarns That Will Tickle You and Will be Relished by Your Friends When You Repeat Them.

Johnny Dooley, the diminutive but versatile comedian, tells of the devoted lovers who were alternately embracing and sighing, on a park bench. Finally he said:

"Let's make it a party tomorrow night, kiddo."

"You said it," she remarked.

"How about a nice, big, fat dinner?"

"You can tell the world, honey bunch," said she, "But where will we go to eat?"

"Up to your house," said he.

Couldn't Walk Two Squares Without Tiring Before Taking Vola-Tonic

"I started taking Vola-Tonic and now I am greatly improved," Mrs. Thorpe said.

"I suffered with indigestion and constipation constantly before I took Vola-Tonic. At times I became nervous and melancholy, too, and felt so bad I hardly knew what to do with myself. I felt weak all over and couldn't walk two squares without getting tired out.

"After every meal I was troubled with gas on my stomach and bloated badly. I also had severe pains in my chest.

"I simply felt worn out all the time and my housework was just drudgery. Recently, I got so bad I was hardly able to be out of bed for three weeks.

"I have taken two bottles of Vola-Tonic now and it has helped my stomach a great deal. My digestion is greatly improved and my food agrees with me much better. I'm not troubled with gas on my stomach or bloating after eating now. The constipation has about disappeared and I am stronger and better all over.

"My husband can notice a big change in me and says he is going to keep on buying Vola-Tonic for me until I am a well woman in every way."

BACKACHE? RHEUMATISM? RUN-DOWN?

Those of us who are past middle age are prone to eat too much meat and in consequence deposit lime-salts in the arteries, veins and joints. We often suffer from twinges of rheumatism or lumbago, sometimes from gout, swollen hands or feet. There is no longer the slightest need of this, however, as the new Prescription of Dr. Pierce's called—"Auric," (anti-uric-acid) is bound to give immediate results as it is many times more potent than lithia, in ridding the impoverished blood of its poisons by way of the kidneys. It can be obtained at almost any drug store, by simply asking for Dr. Pierce's Auric for kidneys or backache. It will overcome such conditions as rheumatism, dropsical swellings, cold extremities, scalding and burning urine and sleeplessness due to constant arising from bed at night.

If you wish to give "Auric" a trial send Dr. Pierce's Invalids' Hotel, Buffalo, N. Y., ten cents for a trial package.

Many of Your Neighbors Can Say the Same

Goshen, Ind.—"I wish to state that I used Dr. Pierce's Auric Tablets about four and one-half months, and am cured of rheumatism and constipation, after suffering about eight years. Auric is the greatest blessing that ever was bestowed upon me. If any one who is suffering would like to ask me any questions in regard to 'Auric,' I will gladly answer, or do anything in my power to help suffering humanity."

Old Adage Is Progn of Fort Wayne Woman

Would Rather Pay the Butcher
Than the Doctor," Fits Her
Case Well

Fort Wayne, Ind., Feb. 19.—There is an old adage that runs something like this: I'd rather pay the butcher than the doctor. See how well it fits the case of Mrs. Jenny Ramsey, a Fort Wayne woman of 618 Madison street. Mrs. Ramsey says that she has but one fault to find with Trutona, the new tonic she has been using, and that is this: her appetite is just too good, now.

Along about the first of July I began having trouble with my stomach," Mrs. Ramsey said. "I commenced having rheumatism pains in my lower limbs. I had just a fair appetite but the food I ate didn't sit right and I didn't seem to be deriving any benefits from my eating. I would usually feel bloated after meals and at times I suffered from constipation. Constipation bothered me a great deal. My lower limbs would ache terribly at times.

I've noticed that I don't feel as out and draggy since taking Trutona. My appetite is most too good now. My food tastes better than it did and I am getting more out of it. I haven't had a dizzy spell since first taking Trutona, and I am no longer bothered with constipation or the former bloated feeling. The pains in my legs are greatly relieved. I'm convinced that Trutona will do just what is claimed for it and I'm glad to recommend it.

Trutona is now being introduced and explained in Rushville at Harve and Mullin's Drug Store. Adv.

WILL NOT DISAPPOINT THE ARMY COMMANDER

Rushville Branch is Making Wonderful Progress in Young Peoples Work, it is Reported

FRANK GIPSON IS LEADER

That the Rushville branch of the Salvation Army is bound not to disappoint their commander, Miss Evangeline Booth, in a 100 percent advance in their work among the young people, is demonstrated by the following statements from the officers in charge of the work here, Captain and Mrs. J. A. Tench.

Forty-five young people have been converted in the past nine months and eighteen of these have united with the local army.

Also a two hundred percent increase in the attendance at the Company meeting (Sunday school) is reported. This branch of the work is under the leadership of Ensign Frank Gipson and a great deal of the credit is due to his able leadership and also the company guards, Mrs. E. Kirk and Corps Cadet Monpetit, and Corps Sergeant Major Hunter.

Also a Young People's Legion has been organized with a membership of 50 and good crowds attend the Y. P. L. meeting every Friday evening. This branch of the work is under the leadership of Mrs. Tench, who is ably assisted by the three corps cadets, Mary and Leona Curry and Miss A. Monpetit.

USES OF ASPIRIN TOLD BY "BAYER"

Bayer Company, who introduced Aspirin 18 years ago, give advice.

When the Bayer Company introduced Aspirin over eighteen years ago, physicians soon proved it a marvelous help in relieving Rheumatism, Colds, Headache, Neuralgia, Earache, Toothache, Lumbago, Neuritis, Aching Joints, and Pain in general.

To get this same genuine, world-famous Aspirin, you must ask for "Bayer Tablets of Aspirin," marked with the "Bayer Cross." You will find safe and proper directions in every unbroken package.

Handy tin boxes of 12 tablets cost only a few cents. Druggists also sell larger "Bayer" packages. Aspirin is the trade mark of Bayer Manufacturing of Monaceticacidester of Salicylicacid.

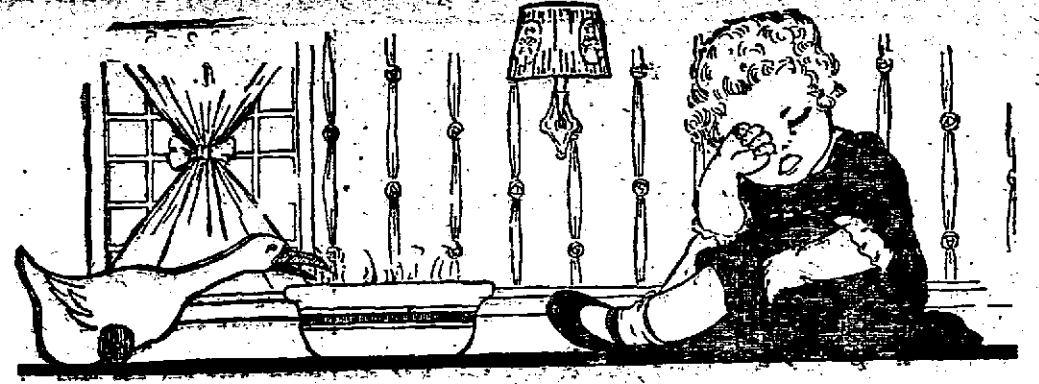

SHOWS THAT HELL IS AN ACTUAL PLACE

G. F. Sheldon Points Out God Prepared it For the Devil and Not His Human Creatures

CONSCIENCE AS A BARRIER

In the sermon on, "Barriers to Hell," preached at the First Presbyterian church last evening, the Rev. G. F. Sheldon showed that hell as an actual place and experience had a conspicuous place in the teaching of Jesus Christ, but that God did not prepare it for any of His human creatures, but for the devil and his angels, and that only as man refused to heed the divine warning and identified himself with sin would he go there. Dwelling upon the text, "The Lord is not willing that any should perish, but all should come to repentance," it was shown that God had interposed many warnings and barriers, among those emphasized being conscience, the Bible, the Holy Spirit, human relationships, such as the memory of mother and the prayers of father, and last of all that the cross of Christ cast its shadow across the pathway of every man in some way. Everything that is sacred has to be trampled under foot, and yet men are doing it, some politely, some rudely, and yet the end is the same in both cases, he declared.

Undoubtedly the truth is being faithfully presented in these meetings in song and sermon and while

many are taking advantage of the opportunity afforded, yet many are missing it. Mr. and Mrs. George sang again last evening, as they are expecting to do every evening now, and with a chorus that is gaining in numbers and strength, the music is becoming more and more helpful according to those attending.

The message this evening will be on, "A Divine Imperative, or The New Birth."

FRANKLIN COMES TONIGHT

People Will Have Chance of Seeing
Good Team in Action

The Rushville high school basketball team will meet their hardest opponent here tonight, when the fast Franklin high school will journey to this city for a game. While the locals don't expect to defeat the state champions, an effort will be made to hold the score as low as possible. A big crowd will be on hand to see another one of the state teams in action. When Anderson played here a few weeks ago, the locals put up a good game, and the regular lineup will be used tonight against the fast team in order to keep the visitors from piling up too much of a score.

The curtain raiser will be played between the Arlington Independent team and a picked team from the local independents.

Yellow Mustard For Rheumatism

A good hot mustard plaster or poultice is pretty sure to overcome most rheumatic pains and even sciatica and gout but it's a mussy affair and generally blisters.

Heat is absolutely necessary if you want permanent relief. Begy's Mustarine, made of true yellow mustard with other pain relieving ingredients added is just as hot, is cheaper, cleaner, and more effective than the old fashioned poultice or plaster and cannot blister.

Besides rheumatic pains and swellings Begy's Mustarine is speedily effective for lumbago, backache, neuritis, pleurisy, bronchitis, sore throat, chest colds and all aches and pains because heat eases pain—30 and 60 cents at druggists or by mail, S. C. Wells & Co., LeRoy, N. Y.

name of Ball & Orme was forged to the checks, and the amounts varied from \$3.00 to \$18.00. The persons who did the forging are two or three Rushville boys and have left the city, but will return in due time and will then be arrested. The business houses that cashed these checks and have found out the fact that they were forgeries are, L. L. Allen, Clarkson's grocery, Sharp's meat market, Hargrove & Mullin, James Voile, grocer and probably others that have not been reported.

The police say that the total amount obtained from those reported was \$140.00 and the Rushville boys, whose names are known, will be back home here when the money is gone, in the opinion of local officials.

The first of this week a check forger worked in Shelbyville, passing \$12.00 checks, but a descrip-

tion sent here from Shelbyville, discloses the fact that it was not the same person.

HAVE COLOR IN CHEEKS

Be Better Looking—Take Olive Tablets

If your skin is yellow—complexion pallid—tongue coated—appetite poor—you have a bad taste in your mouth—a lazy, no-good feeling—you should take Olive Tablets. Dr. Edwards' Olive Tablets—a substitute for calomel—were prepared by Dr. Edwards after 17 years of study. Dr. Edwards' Olive Tablets are a purely vegetable compound mixed with olive oil. You will know them by their olive color. To have a clear, pink skin, bright eyes, no pimples, a feeling of buoyancy like childhood days you must get at the cause. Dr. Edwards' Olive Tablets act on the liver and bowels like calomel—yet have no dangerous after effects. They start the bile and overcome constipation. Millions of boxes are sold annually at 10c and 25c. Take one or two nightly and note the pleasing results.

MAY HOLD EX-KAISER IN HOLLAND UNDER GUARD

Impression Prevails in Berlin That Dutch Government Will Conceal the Former Ruler

WILL GUARD AGAINST ESCAPE.

Berlin, Feb. 20.—The general impression prevailed here today that the former kaiser will remain in Holland and the Dutch government will establish safeguards to prevent his escape, or the entrance of some spy seeking to aid the kaiser.

Newspapers printed the late allied note to Holland on the extradition of the former emperor, the Dutch reply to the French allied note and German's note to the allies, side-by-side.

In government headquarters it was learned that the government considers that the crisis is passed. Officials said the real war guilty will be brought to trial but indicated that the allies will find it impossible to try the accused at Leipzig as at any other place.

How Acme Worm Bouncer Expells Worms

When the hogs and pigs eat anything the Free Intestinal worms do not like, they lay dormant. The hog which is fed **ACME WORM BOUNCER** in the SELF FEEDER eats a little—several times a day. The **WORM BOUNCER** goes into the stomach and intestines **STRAIGHT**. The time comes when the worm must eat and when he does, the **ACME WORM BOUNCER PARALYZES** the worm—he then must let go—and in that manner the **ACME WORM BOUNCER** expells the worms and **EXPILLS THEM ALIVE** from 5 to 7 days after you commence to feed **ACME WORM BOUNCER**.

ACME WORM BOUNCER is fed with perfect safety to all pregnant animals, whereas any remedy that kills the worms in the **INTESTINES AND STOMACH** is very injurious to the animal and very dangerous to use.

PERCENT IS ABOUT THE SAME

Live Stock Owned in County Jan. 1 Equals That of Year Ago

The percent of live stock on Rush county farms on January 1 last, as compared with January 1, 1919, is shown as follows in the official crop report issued by the co-operative crop reporting service of Indiana:

Horses, 103 percent; mules, 99 percent; cattle, 100; beef cattle, 100; sheep, 102, and swine, 92; indicating that the live stock owned by Rush county farmers is practically the same as a year ago with the exception of hogs, which fell off eight percent. This confirms the frequent statement that not as many hogs will be fed this year as last, due to prices falling off.

Amusements

Double Bill at the Princess
Robert Warwick in "An Adventure in Hearts," a screen version of Anthony Hope's well-known novel, "Captain Dieppe," will be the attraction at the Princess again tonight. The story is of the same romantic-adventure type which Mr. Hope made famous in "The Prisoner of Zenda."

Mr. Warwick has the role of an American of French descent, who having just completed a delicate diplomatic mission for a foreign government, is being hounded by secret agents lest he betray the details of the affair. He seeks shelter in the castle of an Italian count, whose wife and he, newly estranged are lying in opposite wings of the castle. The Countess is being threatened by a gentleman blackmailer to whom she owes gambling debts and has secretly installed her pretty girl cousin in her place while she goes to Rome to raise the money. A romantic love affair, a thrilling rescue at a swollen ford, and a gun fight in a blazing hut feature the development of the plot from this point.

Helene Chadwick is Mr. Warwick's leading woman and Winifred Greenwood, Walter Long and Howard Gaye are included in the cast. The picture is a Paramount-Artcraft and was directed by James Cruze.

In connection with the Warwick photoplay, a Mack-Sennet comedy, "The Speak Easy," will also be shown. The entire program was given yesterday and pleased capacity houses at all performances.

Mary McLaren at Mystic

The maddest man in the world is to be seen at the Mystic Theatre in the person of Spottiswoode Aitken, the veteran character actor who supports Mary McLaren in "Bonnie, Bonnie Lassie," showing today. Aitken depicts the role of Jeremiah Wishart and he nearly passes out with apoplexy, so peevish does he become in the course of the play.

Wild scenery and the customs of the goldfields provide unusually interesting atmosphere in the new Vitagraph picture, entitled "The Combat," which will be shown as the feature attraction at the Mystic Saturday.

The settings of the picture are laid in the effete east and then in the wildest portion of the great west. There are presented long photographic views of mountains, valleys and plains. The spectator obtains a true idea of the scenery and also the various detailed conditions of life that obtain in those regions. Anita Stewart is the star of "The

THE CAR OF THE AMERICAN FAMILY

Hupmobile

When you stop to ask yourself if the Hupmobile literally is the best car of its class in the world, you must not overlook the *really wonderful* character of the service it gives. By service, we mean more than long life and Hupmobile economy—which are proverbial. We mean the faithfulness and the dependability of *The Comfort Car*—a willingness of response and steadiness of performance which warm a driver's heart. It is the positively *unusual* things which the Hupmobile does—not now and then, but habitually—which make people believe it is the best car of its class in the world.

Building Materials will be scarce
HAUL THEM NOW

This year is going to be a big one for barns and no matter what type you want, it will pay you to get our suggestions and one of our free blue prints. There are a variety of plans from which to choose.

Like our barn plans, our designs for milk, hog and chicken houses as well as for other farm structures, conform to latest practice. All give buildings that help increase production, save labor, reduce the chances of disease, and cost you least in the long run.

But whatever you build will require materials, and materials while available now, will be as hard to get later as veal from an old cow. The record-breaking volume of construction scheduled for this year simply will tax the railroads and the building industry beyond capacity.

WORKS HARD TO AVERT FLU EPIDEMIC

Government and City Health Officials Warn People to Keep Clean.

Stay Away from People with Coughs and Colds.

"Avoid crowds if you want to avoid influenza," says Association for Improving the Conditions of New York.

Keep your hands clean, drink plenty of fresh water; sleep with windows open; eat three uniform meals a day including a good breakfast.

People who have catarrh or frequent colds, invite Influenza, declares a prominent Kentucky druggist.

The membranes of the throat and nose is raw, sore and tender, and makes a lovely abiding place for germs to thrive and multiply.

He advises an inexpensive home-made remedy that will bring relief in less than a day and will stop all discharge and soothe and heal the inflamed membrane in a few days.

Thousands are making this be-neficial remedy at home and any-one who has catarrh or a cold can do the same.

Four three-quarters of an ounce of Mentholized Arice into a pint bottle; then fill the bottle with water that has been boiled.

Gargle the throat as directed and sniff or spray the liquid into the nostrils twice daily. It's a simple way to get rid of cold and catarrh and keeps the nasal pas-sages and throat clean and healthy.

Nearly all druggists dispense Mentholized Arice in vials con-taining exactly three-quarters of an ounce, which is all you need to make a pint of this healthful me-dicine.

Auto Owners

I have installed a radiator re-pairing machinery to repair radiators and will put yours in as good order as new.

Ford radiators are never in such a condition that they cannot be repaired.

Mrs. Carl Welsh Gains 26 Pounds

Husband Says He Cannot Find Words to Express His Gratitude For What Tanlac Has Done

"When I think of what a perfect wreck my wife was only a few months ago, and then think of the marvelous change that has come over her since she has taken Tanlac I am so thankful that I can't find words to express my gratitude," was the statement made recently by Carl Welsh of 616 1/2 North Adams St., Peoria, Ill., in telling the Tanlac representative of his wife's remarkable experience with this medicine.

"My wife had been in the worst sort of health for six years," continued Mr. Welsh, "and her condition had become so bad she was in misery from morning till night and I was beginning to think she would not be able to pull through it. She had headache spells so bad that she would walk the floor and almost scream the agony was so awful. Nerves, why, they were completely shattered and the least little unexpected thing would nearly drive her frantic. She had a bad case of indigestion and I have seen her get so nauseated after taking only a few bites that she would get up and leave the table, and whenever she did force herself to eat anything it always gave her terrible cramping pains. Gas troubled her so much that she could hardly breathe and from the way she had to fight for air made me think she would never again get her breath. Her heart would palpitate so bad that she was afraid to lie down at night for fear it would start up again. She got very little sleep, was pale and thin, weak and worn out completely, and I could tell by the look in her eyes that if something was not done right away it would soon be too late. Why, it worried me so I could hardly work."

"I had heard so much about Tanlac that I got her some, but she had taken so many things that did her no good, I had to insist before she consented to take it. It's an actual fact, she was looking better in two days' time, and how anxiously I waited to see if the medicine continued its work. And now, it seems almost too good to be true but she is free from every trouble she had and is in perfect health. Her nerves are as steady as a clock, headaches are a thing of the past and she sleeps as sound as a child every night. Her appetite is so fine; she can hardly get enough to eat, and everything digests perfectly and her breathing is free and easy. She has gained twenty-six pounds, looks bright and cheerful all the time and is stronger than she has been in years. I have reason to praise Tanlac to my dying day and I expect to do so."

Tanlac is sold in Rushville by F. R. Johnson & Co. in Milroy by Dalis & Cooper, in Maillards by Geo. J. Miller, and in Arlington by Mrs. L. T. Davis. (Adv.)
